# **THE REACTOR OVERSIGHT PROGRAM**

**David Lochbaum**  
**Nuclear Safety Engineer**  
**May 1, 2002**

# Commissioner's Forecast

xRecommended fix:

Revise NRC procedure for  
investigating near-misses to  
require formal evaluation  
against ROP

Union of

Citizens and Scientists for Environmental Solutions

# Wrap-up

**UCS continues to believe  
that ROP is superior to SALP**

**UCS cannot point to a single  
shred of evidence to  
corroborate our belief**

**What is driving safety trends?**
