Additional Commissioner Comments to be Included in the SRM  
if Agreed to by a Majority of the Commission

The staff should explore with the Executive Branch their willingness to provide funding for the arrangements' Implementation. (The October 9, 1998 letter from the Executive Branch states that the arrangement "...helps to fulfill the obligation of the United States under Article IV of the NPT ...". DOS is the U.S. Government Department responsible for the NPT. In addition, the staff should develop parameters of what constitutes an "average" cost for implementing NRC bilateral arrangements.
