MEMORANDUM TO: William D. Travers  
Executive Director for Operations

FROM: Annette Vietti-Cook, Secretary /s/

SUBJECT: STAFF REQUIREMENTS - SECY-99-176 - PLANS FOR PURSUING PERFORMANCE- BASED INITIATIVES

The Commission supports the ongoing performance-based staff activities described in the paper. However, the Commission disapproved the staff's overall proposed plan because it lacked specificity with respect to detailed activities and schedules.

The staff should proceed to develop high-level guidelines to identify and assess the viability of candidate performance-based activities. These guidelines should be developed with input from stakeholders and the program offices, and should include discussion on how risk information might assist in the development of performance-based initiatives. The guidelines should be provided to the Commission for information. The staff should also propose an appropriate schedule for periodically updating the Commission on its plans and progress in identifying and developing performance-based initiatives.
