MEMORANDUM TO: R. W. Borchardt
Executive Director for Operations

FROM: Annette L. Vietti-Cook, Secretary /RA/

SUBJECT: STAFF REQUIREMENTS – SECY-11-0005 – PROPOSED FINAL
SAFETY CULTURE POLICY STATEMENT

The Commission has approved publication of the proposed final safety culture policy statement in the *Federal Register*, subject to the comments and changes noted below. The Commission expressed concern regarding the lack of specificity now available in the approach to implementing this policy statement. The staff should continue to engage with all stakeholders to communicate the contents of the policy statement, to educate stakeholders, and to ensure they have the necessary support to effectively employ the policy statement as they deem appropriate.

Since the policy statement is not a regulation or a requirement, staff activities beyond communication and education should not be pursued without further specific Commission approval.

Before staff implements new initiatives based on the policy statement, it should seek Commission policy review of its plan, including short-term and long-term goals, for implementation and the vision for each program office's oversight.
