ATTENDANCE)⁽¹⁾

I. SECY-00-0208 - Power Authority of the State of New York Entergy Companies Transfer of Licenses for Indian Point 3 and FitzPatrick Nuclear Plants Petitions to Intervene

The Commission approved a Memorandum and Order granting in part and denying in part various aspects of three petitions to intervene and one petition to participate as a governmental entity in the license transfer proceeding for the Indian Point 3 and FitzPatrick nuclear plants. Petitions to intervene were received from the Citizens Awareness Network (CAN), the Nuclear Generation Employees Association, along with three individual members of the Association, Local 1-2 of the Utility Workers of America, and the Town of Cortlandt and the Hendrick Hudson School District (filing together). The Union subsequently withdrew its petition to intervene. Also, Westchester County's petition for governmental participant status was granted. All remaining petitioners have demonstrated standing and each has advanced at least one admissible issue. The Memorandum and Order sets the case for hearing.

The Chief Administrative Judge should request efficiency in every aspect of the process without affecting due process.

(Subsequently, on November 27, 2000, the Secretary signed the Memorandum and Order.)

III. COMSECY-00-0039 - Florida Power & Light Co. License Renewal Application for Turkey Point Units 3 and 4; Licensing Board Referral and Scheduling Order

The Commission approved an Order which refers petitions to intervene and request for hearing submitted by Mr. Mark Oncavage and Ms. Joette Lorion to the Chief Administrative Judge of the Atomic Safety and Licensing Board Panel for assignment of an Atomic Safety and Licensing Board to rule on these and any additional requests for a hearing and petitions for leave to intervene and, if a hearing is granted, to conduct the proceeding. The Order provided the Licensing Board with guidance for the conduct of any proceeding if a hearing is granted, and a suggested schedule for any such proceeding.

In future license renewal cases, the staff is directed to set a deadline for filing petitions to intervene and hearing requests that is at least 60 days after the date that the staff makes the license renewal application available for public review (on the [NRC website](#) and in the PDR).

(Subsequently, on November 27, 2000, the Secretary signed the Memorandum and Order.)
