The Commission approved a Memorandum and Order responding to an appeal and request for dismissal of the admitted contentions by the applicant, Pa'ina Hawaii, LLC. More specifically, Pa'ina's appeal challenges the Atomic Safety and Licensing Board's unpublished April 27, 2006 Order which accepted the Joint Stipulation of the intervenor Concerned Citizens of Honolulu and the NRC Staff regarding two environmental contentions. The Memorandum and Order denies both the applicant's appeal of the Board's April 27th Order and the applicant's request for dismissal of the admitted contentions.

The Memorandum and Order denies the staff's petition and affirms the Board's decision in LBP-06-13.

In both cases, the staff challenges an Atomic Safety and Licensing Board Order requiring the staff to produce certain written documents. The Memorandum and Order grants the petition for review and directs the Board to modify its order to reflect the Commission's clarification of its expectations regarding the conduct of mandatory hearings.

(Subsequently, on July 26, 2006, the Secretary signed the Memorandum and Order.)
