OCTOBER 6, 2011, COMMISSIONERS' CONFERENCE ROOM,  
ONE WHITE FLINT NORTH, ROCKVILLE, MARYLAND (OPEN

The Commission was briefed by the NRC staff on international activities, including emerging international policy issues, Integrated Regulatory Review Service (IRRS) Mission Follow-On, emerging international technical issues, export and import licensing issues, and emerging uranium recovery nations.

The staff should develop a strategic assessment of NRC and U.S. Government foreign policy goals as they relate to technical and operational aspects of NRC's international activities and provide it to the Commission. The assessment should identify any strategic areas of focus and specifically how they align with U.S. and NRC goals.
