P R O C E E D I N G S

MS. VIETTI-COOK: There are two items for affirmation. The first item is on the U.S. Department of Energy High Level Waste Repository. The Commission is being asked to act on a Memorandum and Order responding to appeals by the NRC staff and the Department of Energy of the Pre-License Application Presiding Officer Board ruling in LBP-05-27 which granted the State of Nevada's motion to compel production of the Department of Energy's July 2004 draft license application, as well as the September 2004 revision to that document. The Commission has voted to approve a Memorandum and Order which holds the Department of Energy's draft license application is not Class 1, Class 2, or Class 3 "documentary material" under our regulations and therefore reverses the Board's decision in LBP-05-27. Commissioner Jaczko did not participate in this item. Would you please affirm your votes?

CHAIRMAN DIAZ: Aye.

COMMISSIONER MCGAFFIGAN: Aye.

COMMISSIONER MERRIFIELD: Aye.

COMMISSIONER LYONS: Aye.

MS. VIETTI-COOK: The second item is on Nuclear Management Company Monticello Nuclear Generating Plant. The Commission is being asked to act on a Memorandum and Order responding to an appeal by the North American Water Office of the Atomic Safety and Licensing Board's ruling on standing and admissibility in LBP-05-31 which denied the North American Water Office's petition to intervene in the license renewal proceeding for the Monticello Nuclear Generating Plant. The Commission voted to approve a Memorandum and Order which rejects the North American Water Office's appeal and affirms the Board's decision in LBP-05-31. Would you please affirm your votes?

CHAIRMAN DIAZ: Aye.

COMMISSIONER MCGAFFIGAN: Aye.

COMMISSIONER MERRIFIELD: Aye.

COMMISSIONER JACZKO: Aye.

COMMISSIONER LYONS: Aye.

MS. VIETTI-COOK: That's all I have.

CHAIRMAN DIAZ: Thank you, Madam Secretary.
