CHAIRMAN JACZKO: Madam Secretary, we have two items for affirmation.

MS. VIETTI-COOK: The first item for affirmation is SECY-09-0059. The Commission is being asked to act on a final rule to provide alternate fracture toughness requirements for protection against pressurized thermal shock events for pressurized-water reactor vessels. This final rule provides alternate PTS requirements based on updated analysis methods. The Commission has voted to approve, with Chairman Jaczko disapproving, the publication and implementation of this final rule, and certifies that this rule will not have a significant impact on a substantial number of small entities. Would you please affirm your votes?

CHAIRMAN JACZKO: Aye.

COMMISSIONER KLEIN: Aye.

COMMISSIONER SVINICKI: Aye.

MS. VIETTI-COOK. The second item is SECY-09-0087. The Commission is being asked to act on a final rule that would make it a Federal crime to, without authorization, willfully carry, transport or otherwise introduce or cause to be introduced any dangerous weapon, explosive, or other dangerous instrument or material likely to produce substantial injury or damage to persons or property, into or upon certain facilities or installations subject to the regulatory authority of the Nuclear Regulatory Commission. The Commission has voted to approve the publication and implementation of this final rule, subject to the comments and changes noted in the attachment. Would you please affirm your votes?

CHAIRMAN JACZKO: Aye.

COMMISSIONER KLEIN: Aye.

COMMISSIONER SVINICKI: Aye.

MS. VIETTI-COOK. That's all I have.

CHAIRMAN JACZKO: Adjourned.
