

The following Information Assessment Team Advisory (IATA) is not publically available, as it is "Official Use Only – Security Related Information" and is exempt from public disclosure in accordance with the U.S. Nuclear Regulatory Commission (NRC) Sensitive Unclassified Non-Safeguards Information (SUNSI) Handling Requirements.

IATA-01-06 – "Recommended Actions in Response to Threat"

The NRC issued IATA-01-06 on November 21, 2001, to all NRC affected licensees: Independent Spent Fuel Storage Installations. It was also provided to all Agreement State and Non-Agreement State Radiation Control Program Directors and State Liaison Officers for dissemination to their licensees as appropriate.

These licensees were provided an update on the current threat environment and requested to maintain alertness to security-related matters.
