

The following Information Assessment Team Advisory (IATA) is not publically available, as it is "Official Use Only – Security Related Information" and is exempt from public disclosure in accordance with the U.S. Nuclear Regulatory Commission (NRC) Sensitive Unclassified Non-Safeguards Information (SUNSI) Handling Requirements.

IATA-02-14 – "Threat Advisory Update"

The NRC issued IATA-02-14 on October 25, 2002, to all NRC affected licensees: General Transportation; Independent Spent Fuel Storage Installations; and Large Quantities of Radioactive Material Licensees.

These licensees were provided an update on the current threat environment and requested to maintain alertness to security-related matters.
