

The following Information Assessment Team Advisory (IATA) is not publically available, as it is “Official Use Only – Security Related Information” and is exempt from public disclosure in accordance with the U.S. Nuclear Regulatory Commission (NRC) Sensitive Unclassified Non-Safeguards Information (SUNSI) Handling Requirements.

IATA-11-02 – “Homeland Security Advisory System Transition to the National Terrorism Advisory System on April 26, 2011”

The NRC issued IATA-11-02 on April 26, 2011, to all NRC affected licensees: Power reactors; Decommissioning Reactors; Non-power Reactors; Fuel Fabrication, Enrichment and Conversion/Deconversion Facilities; and Independent Spent Fuel Installations. It was also provided to all Agreement State and Non-Agreement State Radiation Control Program Directors and State Liaison Officers for dissemination to their licensees as appropriate.

These licensees were provided an update on the current threat environment and requested to maintain alertness to security-related matters.
