

The following Security Advisory (SA) (dated October 12, 2001) is not available because it is marked "Official Use Only – Security-Related Information/Safeguards Information" and is exempted from public disclosure in accordance with 10 CFR 2.390.

SA-01-X6, "Revised prompt actions for independent spent fuel storage installations"

In 2001, the Nuclear Regulatory Commission (NRC) issued an advisory recommending selected NRC and Agreement State licensees to review current security policies and maintain heightened vigilance for potential security threats.

The NRC has issued SA-01-X6 to materials licensees (NRC and agreement states) who possess, use, ship or receive certain quantities of radioactive materials. Note that the security advisory contains physical security information and is, therefore, being withheld from public disclosure in accordance with 10 CFR 2.390.
