

The following Security Advisory (SA) (dated December 13, 2001) is not available because it is marked "Limited Distribution-Need To Know – Not For Public Disclosure" and is exempted from public disclosure in accordance with 10 CFR 2.390.

SA-01-XX, "Recommendations For Shipment Of Radioactive Materials"

In 2001, the Nuclear Regulatory Commission (NRC) issued an advisory recommending that selected NRC and Agreement State licensees review current security policies and maintain heightened vigilance for potential security threats.

The NRC has issued SA-01-XX to materials licensees (NRC and agreement states) who possess, use, ship or receive certain quantities of radioactive materials. Note that the security advisory contains physical security information and is, therefore, being withheld from public disclosure in accordance with 10 CFR 2.390.
