

The following Security Advisory (SA) (dated April 18, 2003) is not available because it is marked "Official Use Only – Security-Related Information/Safeguards Information" and is exempted from public disclosure in accordance with 10 CFR 2.390.

SA-03-02, "Review The Need For And Maintain Certain Security Measures That Licensees May Have Voluntarily Implemented In Response To NRC Safeguards Advisory SA-03-01, dated March 17, 2003. (SA-03-02)"

In 2003, the Nuclear Regulatory Commission (NRC) issued an advisory recommending that selected NRC and Agreement State licensees review current security policies and maintain heightened vigilance for potential security threats.

The NRC has issued SA-03-02 to materials licensees (NRC and agreement states) who possess, use, ship or receive certain quantities of radioactive materials. Note that the security advisory contains physical security information and is, therefore, being withheld from public disclosure in accordance with 10 CFR 2.390.
