

The following Security Advisory (SA) is not available because it is marked "Official Use Only – Security-Related Information" and is exempted from public disclosure in accordance with 10 CFR 2.390.

SA-05-09, "Modification to firearms and firearm accessories" dated November 10, 2005

This Advisory was provided to assist managers and security personnel responsible for issuing and maintaining firearms for security personnel at Nuclear Regulatory Commission (NRC) licensed facilities. It was encouraged by the NRC that any modifications to firearms or firearms accessories should be documented as part of the licensee's firearms maintenance program.

The Nuclear Regulatory Commission (NRC) has issued SA-05-09 to reactors and category I fuel cycle facilities. Note that the security advisory contains physical security information and is, therefore, being withheld from public disclosure in accordance with 10 CFR 2.390.
