

The following Security Advisory (SA) is not available because it is marked "Official Use Only – Security-Related Information" and is exempted from public disclosure in accordance with 10 CFR 2.390.

SA-08-04, "THE PRESIDENTIAL 2008 STATE OF THE UNION ADDRESS  
IN THE WASHINGTON, DC AREA" dated January 22, 2008

In 2008, DHS had designated the Presidential State of the Union Address on January 28, 2008, as a National Special Security Event (NSSE). Therefore, the NRC recommended that selected NRC and Agreement State licensees who may possess radioactive materials maintain heightened vigilance for potential security threats.

The Nuclear Regulatory Commission (NRC) has issued SA-08-04 to certain large materials licensees (NRC AND Agreement State) who possess, use, ship or receive high-risk radioactive materials. Note that the security advisory contains physical security information and is, therefore, being withheld from public disclosure in accordance with 10 CFR 2.390.
