

The following Security Advisory (SA) is not publically available, as it is “Official Use Only – Security-Related Information” and is exempt from public disclosure in accordance with 10 CFR 2.390.

SA 2013-09, “CYBER SECURITY EVENT AT NRC LICENSED FACILITY.”

The U.S. Nuclear Regulatory Commission (NRC) issued SA 2013-09 on December 16, 2013, to all affected licensees; Power Reactors; Non-power Reactors; Decommissioning Reactors; Fuel Facilities; Gaseous Diffusion Plants; and Independent Spent Fuel Storage Installations. Note that the security advisory contains physical security information and is, therefore, being withheld from public disclosure in accordance with 10 CFR 2.390.
