

The following Security Advisory (SA) is not publically available because it is designated “Official Use Only – Security-Related Information,” which is exempt from public disclosure in accordance with the U.S. Nuclear Regulatory Commission (NRC) Sensitive Unclassified Non-Safeguards Information (SUNSI) Handling Requirements.

SA-2015-11, “Situational Awareness—Security Concerns Related to Geocaching and Other Similar Geolocating Game Activity Near Critical Infrastructure Facilities.”

The NRC issued SA-2015-11 on Wednesday, October 28, 2015, to all affected Operating Power Reactors including those under construction; Non-power Reactors; Decommissioning Reactors; Fuel Facilities; Gaseous Diffusion Plants; Independent Spent Fuel Storage Installations; and Category 1 and 2 licensees regulated under Title 10 of the *Code of Federal Regulations* Part 37. Note that the security advisory contains physical security information and is, therefore, being withheld from public disclosure in accordance with the NRC SUNSI Handling Requirements.
