

On June 29, 2016, the U.S. Nuclear Regulatory Commission (NRC) has issued Security Advisory (SA) 2016-07, "National Special Security Event for the 2016 Republican National Convention," to all affected licensees (NRC and Agreement State) who possess, use, ship, or receive risk significant radioactive materials including radioactive materials equal to or exceeding the transportation quantities of concern in the Cleveland, OH, area. Note that the SA contains physical security information and is, therefore, being withheld from public disclosure in accordance with NRC Sensitive Unclassified Non-Safeguards Information (SUNSI) handling requirements.

The referenced SA is not publically available because it is marked "Official Use Only – Security-Related Information," and is exempt from public disclosure in accordance with NRC SUNSI handling requirements.
