

On February 13, 2017, the U.S. Nuclear Regulatory Commission (NRC) issued Security Advisory (SA) 2017-05, "National Special Security Event for the Presidential Address to a Joint Session of Congress," to all affected licensees (NRC and Agreement State) who possess, use, ship, or receive risk-significant radioactive materials including radioactive materials equal to or exceeding the transportation quantities of concern in the Washington, DC, area. Note that the SA contains physical security information and is designated "Official Use Only – Security-Related Information." Therefore, the referenced SA is being withheld from public disclosure in accordance with NRC Sensitive Unclassified Non-Safeguards Information (SUNSI) handling requirements.
