NRC Commissioners to Host Public Meeting in Texas

ROCKVILLE, Md. — The Nuclear Regulatory Commission's five Commissioners will host a [public meeting](#) in Arlington, Texas, to hear from NRC's regional management and staff about enhancements to reactor and materials oversight over the first 100 days of the NRC reorganization.

When: October 15, 2026, 9:00 a.m.-12:00 p.m. Central time.

Where: NRC Region IV office, 1600 East Lamar Boulevard, Arlington, Texas.

How: The public is invited to attend in person or watch live via webcast at video.nrc.gov. For more information on participating in person, contact Myla Ruffin via email at Myla.Ruffin@nrc.gov.

The U.S. Nuclear Regulatory Commission was created as an expert, technical agency to protect public health, safety, and security, and regulate the civilian use of nuclear materials, including enabling the deployment of nuclear power for the benefit of society. Among other responsibilities, the agency issues licenses, conducts inspections, initiates and enforces regulations, and plans for incident response. The NRC is collaborating with interagency partners to implement reforms outlined in new Executive Orders and the ADVANCE Act to streamline agency activities and enhance efficiency.
