BIOGRAPHY

Sarah Elkhiamy

Ms. Elkhiamy joined the U.S. Nuclear Regulatory Commission (NRC) in 2015 as a Project Engineer in Region I. Since then, she has held positions of increasing responsibility, including Reactor Inspector, Senior Project Engineer, and Chief Operations Examiner. She was subsequently selected as a Branch Chief in the Division of Operating Reactor Safety, Region I, where she oversaw NRC regulatory activities at Peach Bottom, Limerick, and Susquehanna nuclear power plants. Most recently, Ms. Elkhiamy served as Branch Chief in the Division of Reactor Safety, leading the Operator Licensing program.

Prior to joining the NRC, Ms. Elkhiamy held a variety of leadership and technical positions at Salem Generating Station, including Reactor Engineering Manager.

Ms. Elkhiamy holds a Bachelor of Science degree in Nuclear Engineering from Purdue University.
