
Section 2. Task Action Plan Items

This section contains all Task Action Plan items documented in NUREG-0371¹ and NUREG-0471² as well as all USIs documented in other NRC publications. Items A-1 through A-41 are listed in NUREG-0371³

and all items with prefixes "B," "C," and "D" are listed in NUREG-0471.⁴ USIs identified after publication of NUREG-0371⁵ and NUREG-0471⁶ are listed in the following documents: NUREG-0510⁷ (A-42 through A-44); NUREG-0705⁸ (A-45 through A-48); and NUREG-1090⁹ (A-49). A total of 142 items are listed in this section.

The Generic Issues Tracking System (GITS) Report¹⁰ issued on December 17, 1981, provided a status report on the majority of the 142 items as well as their classification into four categories: Environmental, Licensing

Improvement, Safety, and USI. The safety issues identified in the GITS Report¹¹ provided the basis for all prioritization work contained in this section. The lead responsibility and a summary of the findings for each item listed in this section can be found in Table II of the Introduction.
